

## TAUCPAC PARTICIPATION AUTHORIZATION

The Association of Union Constructors (TAUC) is a national trade association, and the Federal Election Committee (FEC) requires all Trade Association PACs obtain separate and specific approval from a corporate member in order to solicit contributions from employees of the corporate member. A corporate member may only authorize one Trade Association PAC to solicit its employees in any calendar year.

Thanks for your past support of TAUC's legislative and political programs.

We look forward to your involvement this year!

THE ASSOCIATION OF UNION CONSTRUCTORS  
POLITICAL ACTION COMMITTEE

PARTICIPATION AUTHORIZATION

**THIS AUTHORIZATION FORM DOES NOT OBLIGATE YOU IN ANY WAY TO CONTRIBUTE TO TAUCPAC.** It does allow TAUCPAC to solicit your company's executives and managerial employees. TAUC members must have a signed participation authorization form on file in order to participate in any **TAUCPAC events**.

I recognize the value of staying politically informed and active. I authorize TAUCPAC to solicit funds from me and the managerial and executive employees of my firm. My company has not given any other trade association PAC solicitation authorization for the calendar years indicated below.

Federal election law allows TAUCPAC to solicit voluntary, personal contributions from Executive and Managerial employees, stockholders, and families of TAUC-affiliated members only. Take this easy step...all you have to do is **sign your name** for each year listed.
